By kind permission of
The Master and Wardens of the Worshipful Company of Vintners

THE DEROUET JAMESON MEMORIAL FOUNDATION

Registered Charity Number 271445

The Derouet Jameson Memorial Foundation (DJMF) is a charitable foundation committed to promoting and supporting education in the wine industry through awards and educational bursaries made to students since 1979.

The Derouet Jameson Memorial Foundation was set up in the memory of Tim Derouet M.C and Geoffrey Jameson C.V.O. M.W. who were both preeminent in the wine trade, and as great friends, shared a desire to encourage younger members to increase their depth of knowledge and expertise about wine.

The Derouet Jameson Awards are in two parts: firstly, scholarships are given annually to two outstanding graduates of The Wine & Spirit Education Trust Diploma examinations. The purpose is to assist deserving candidates along the Master of Wine course, which takes a minimum of two years. The Awards pay the majority of the course fees and the examination costs.

In addition, the Foundation provides three bursaries to assist students who are studying the Viticulture and Vinification course at Plumpton College (part of Sussex University). This course is widely regarded as the best wine production course currently available in England.

The combined value of these awards makes the Derouet Jameson Memorial Foundation one of the largest charitable sponsors of Wine Trade education in the country.

THE VINTNERS' HALL

The Vintners' Company is one of the 12 great Livery Companies of the City of London. The Company received a Charter in 1364, which granted it a monopoly of trade with Gascony, followed in 1437 by a grant of incorporation. Close connections are maintained with all appropriate trade, educational and benevolent associations.

The Company's alms-houses are now in Eastbourne, Sussex. The first Hall stood from 1356 and in 1446 the Company was bequeathed the present Upper Thames Street site. This was destroyed in 1666 but by 1671 the Hall had been rebuilt by Roger Jarman as master crafts-man. It still survives, having suffered only minor damage in the Second World War.
